NOVA LED BULKHEAD INSTALLATION INSTRUCTIONS

PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE INSTALLATION AND LEAVE
A COPY WITH THE END USER FOR FUTURE REFERENCE.

SAFETY INFORMATION – We recommend that luminaires be installed by a fully qualified and competent electrician who understands building regulations and the current IEE wiring regulations. The light source contained in this luminaire shall only be replaced by the manufacturer or a qualified professional.

Before commencing any installation or maintenance work, ensure that the electricity is switched off at the mains.

IMPORTANT USER INFORMATION

Please install and use strictly in accordance with these instructions. Make sure that you have all the tools and equipment to complete the installation safely and correctly. Improper installation could cause harm to your property and/or person and void your warranty.

It is the installer's responsibility to consider fire and safety risks and take appropriate precautions.

This product is a CLASS I Fitting.

Wiring details:

INSTALLATION/MAINTENANCE INSTRUCTIONS & GUIDELINES

- The installation wiring must be at least 3x0.75mm and wired in accordance with the latest IEE electrical regulations or the national requirements.
- The luminaire must be installed on a ceiling or wall firm enough to hold the weight of more than five times of the fitting itself.
- Do not touch the electronic circuit and its components.
- Do not touch LEDs while installing or maintaining. The LED light source cannot be replaced.
- The luminaire must not be installed above hot objects such as ovens to avoid damage to the fitting.
- Ensure that ALL electrical connections are tight with no loose strands.
- Don't use chemicals to clean the fixture.
- Contact an authorised technical service centre for any repairs required and use only original spare parts.
- Do not install this fitting on damp or newly plastered surfaces.

SPECIFICATIONS & DIMENSIONS

Product Code: R181601

Wattage: 22W

Power Supply: 220V-240V 50Hz AC

Power Factor: >0.50

CCT: 4000K

CRI: >82Ra

Driver: built-in

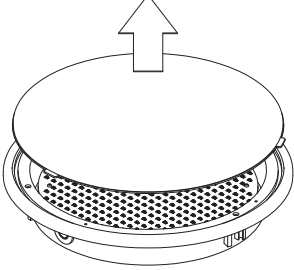

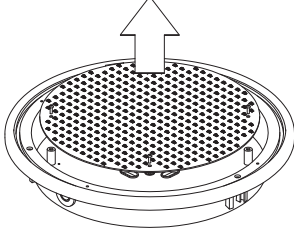

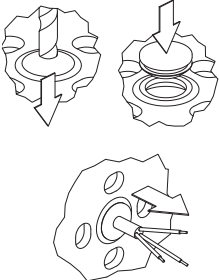

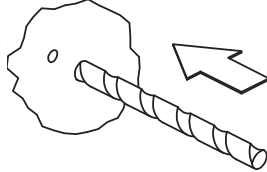

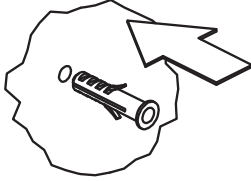

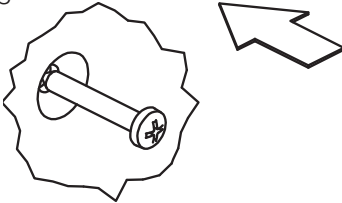

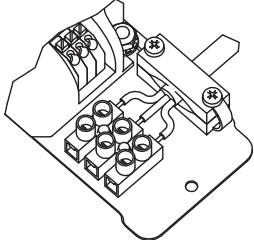

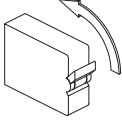

Body: polycarbonate

Nova LED Bulkhead

INSTALLATION STEPS

Before following these steps please ensure you have read and adhered to the guidelines and information overleaf.

<p>STEP 1 Turn off the mains and remove the diffuser from the base tray.</p> 	<p>STEP 2 Remove the LED board.</p> 
<p>STEP 3 Drill a hole for the cable and fit the grommet, then feed the mains cable through.</p> 	<p>STEP 4 Drill holes through the base tray and the surface.</p> 
<p>STEP 5 Install wall plugs into the holes.</p> 	<p>STEP 6 Secure the bulkhead to the wall using fixings.</p> 
<p>STEP 7 Terminate the cables into the terminal block mounted on the underside of the LED board ensuring the polarity is correct and all conductors are sleeved and insulated.</p> 	<p>STEP 8 Put the LED board and diffuser back in place, secure, turn the mains back on and check.</p> 

ENVIRONMENTAL PROTECTION

Waste Electrical & Electronic Equipment Regulations (WEEE) requires that any of our products showing this marking must not be disposed of with other household or commercial waste. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate any such product from other waste types and recycle it responsibly at your local facilities. Check with your Local Authority, Recycling Centre or retailer for recycling advice.

WARRANTY

This product is in warranty in the UK for a period of 5 year from the date of purchase. The guarantee is invalid in the case of improper use, installation, tampering, removal of the Q.C. date label, installation in an improper working environment or installation not according to the current edition of the IEE Wiring Regulations. Should this product fail during the warranty period, it will be replaced free of charge, subject to the aforementioned conditions and return of the faulty unit. We do not accept responsibility for any installation costs associated with the replacement of this product. Your statutory rights are not affected.
